The Department of Middle Grades and Secondary Education is a multidisciplinary department with undergraduate programs that offer the B. S. Ed. degree with a majors in middle grades education and in secondary education.

The department offers programs with teaching field for grades 4-8, middle grades, in two concentrations selected from language arts, mathematics, science or social studies. Secondary education programs are offered, with teaching fields for grades 7-12 in English, mathematics, biology, chemistry, physics, earth science, history, or political science. The programs provide experiences that allow preservice teachers to develop the content knowledge and pedagogical skills necessary for meeting the diverse needs of their future students. Emphasis is placed on student-centered and reflective approaches to communicating effectively, using the tools of inquiry, developing learning opportunities for all students, integrating technology into instruction and fostering relationships within the larger community.

BACHELOR OF SCIENCE IN EDUCATION DEGREE WITH A MAJOR IN MIDDLE GRADES EDUCATION

Each program in the department has numerous desired outcomes. Examples of these outcomes include the following:

Selected Educational Outcomes

1. Students who graduate from teacher preparation programs will demonstrate an acceptable level of content knowledge in multiple disciplines.
2. Students in teacher preparation programs will demonstrate an acceptable level of teaching competency in their major areas by planning, delivering, and assessing appropriate instruction in a public school setting for an extended period of time during the student teaching experience.
3. The students plan and create culturally responsive instructional opportunities with sensitivity to individual learners.
4. The students establish the integration of technology into instruction, assessment, and communication.

The departmental faculty members assess the desired learner outcomes by using a variety of techniques. Examples of summative assessments in addition to course evaluations include the following:
Examples of Outcome Assessments

1. Students are required to pass the Middle Grades Praxis II Exam before they will be recommended for certification. The College of Education will examine the results of the Praxis Exams, by program, to determine the pass/fail rates of its graduates based on state passing scores.

2. The student teachers are assessed on professional teaching knowledge and skills related to the ten College of Education Conceptual Framework Principles through direct observation recorded on a standard rating scale by the college supervisor and the public school mentor. Written assignments required by the individual program are also assessed.

3. Students in their professional program must submit collection portfolios and teaching portfolios at the end of each senior semester documenting the design and implementation of culturally responsive instructional opportunities for all learners. A rubric will be used to assess the portfolios.

4. Students portfolios are assessed for integration of technology into instruction using a departmental rubric.

Requirements for the B.S. Ed. Degree with a Major in Middle Grades Education

Core Areas A-E (See VSU Core Curriculum) ............................................. 42 hours

Area F Requirements. .............................................................. 18 hours
  MSED 2000, SPEC 2000, ACED 2400 ........................................ 9 hours
  Primary Concentration (select one area) ............................. 6 hours
  Language Arts, Math, Science, or Social Studies
      (select from the approved course list for concentration area)
  Secondary Concentration ............................................... 3 hours
  Language Arts, Mathematics, Science, Social Studies
      (select from the approved course list for concentration area)

College of Education Health and Physical Education Requirements. ...... 6 hours
  KSPE 2000, KSPE 2150 ...........................................  4 hours
  Two KSPE Fitness/Activity Courses ...................... 2 hours

Program Requirements. ...................................................... 60 hours
  Core Courses ............................................................ 6 hours
      PSYC 3110, MGED 3990 ....................................... 6 hours
  Primary Content Concentration Area (Select one.) .......... 12 hours
      Language Arts, Mathematics, Science, Social Studies
  Secondary Content Concentration Area (Select one.) ...... 12 hours
      Language Arts, Mathematics, Science, Social Studies
  General: MATH 3180, READ 4550 ................................. 6 hours
Professional Program ........................................................... 24 hours
MGED 3110 ................................................................. 2 hours
MGED 4000, MGED 4030, MGED 4050 ............ 9 hours
MGED 4620 ................................................................. 1 hours
MGED 4790 ................................................................. 10 hours
MGED 4800 ................................................................. 2 hours

**Total hours required for the degree** ............................................. **126 semester hours**

**BACHELOR OF SCIENCE IN EDUCATION DEGREE WITH A MAJOR IN SECONDARY EDUCATION**

**Selected Educational Outcomes**

1. Students will demonstrate an acceptable level of content knowledge.
2. Students will demonstrate an acceptable level of teaching competency in their major areas by appropriately planning, delivering, and assessing instruction in a public school setting for an extended period of time during the student teaching experience.
3. Students will plan and create culturally responsive instructional opportunities with sensitivity to individual learners.
4. Students will integrate technology into communication, instruction, and assessment.

The department faculty members assess the desired learner outcomes by using a variety of techniques. Examples of summative assessments in addition to course evaluations include the following:

**Examples of Outcome Assessments**

1. Graduates are required to pass the appropriate Praxis II Exam before they will be recommended for certification.
2. Student teachers are assessed on professional teaching knowledge and skills related to the ten College of Education Conceptual Framework Principles through direct observation recorded on a standard rating scale by college supervisors and public school mentors. Written assignments required by individual programs are also assessed.
3. Students must submit professional teaching portfolios at the end of each field experience documenting the design and implementation of culturally responsive instructional opportunities for all learners.
4. Students must submit professional teaching portfolios to document technology integration. Evidence of electronic communication, the use of instructional software, technology presentations and assessment materials must be included.
All B.S.Ed. degrees with a major in secondary education, regardless of teaching field, have the same required Core Areas A through E and the same Health and Physical Education requirements. Area F and upper division requirements change according to the teaching field.

Core Areas A-E  (See VSU Core Curriculum) ......................................................... 42 hours

College of Education Health and Physical Education Requirements ...... 6 hours
  KSPE 2000, KSPE 2150 ................................................................. 4 hours

Requirements for the B. S. Ed. Degree with a Major in  
Secondary Education/Spanish or in Secondary Education/French  

See the Department of Modern and Classical Languages.
The Department of Psychology and Counseling provides programs of study at both the undergraduate and graduate levels. At the undergraduate level the Department offers B.A. and B.S. degrees with a major in psychology. Psychology is not only an exciting and popular undergraduate major or minor at Valdosta State University and around the country, but it is also one of the most useful. Undergraduate psychology training assists in preparing students for a number of career alternatives in government, business, industry, etc., that do not require more advanced training. It also assists in preparing students for professional or graduate school in psychology, law, physical or occupational therapy, social work, business, education, and other areas. At the graduate level, the Department offers the M.S. degree in psychology in clinical/counseling and industrial/organizational. Graduates are prepared to perform services in mental health settings, businesses, community colleges, government or industries, which require graduate training in psychology at the subdoctoral level.

The Department also offers programs leading to the M.Ed. and Ed.S. degrees in School Counseling and the Ed.S. in School Psychology. Information concerning these programs, their admission requirements, continuing education, and other services offered by the Department can be obtained by contacting the department.

**Department Mission Statement**

The Department of Psychology and Counseling serves the citizens of the region and state by offering instruction, research, and services designed to advance the understanding of behavioral and cognitive processes and to improve the quality of life. The principle function of the department is to prepare students at the undergraduate and graduate levels to pursue careers within the discipline and affiliated areas. A related purpose is to provide courses for programs in education, nursing, and other disciplines. At the baccalaureate level, students develop basic skills in scientific research, knowledge of psychological nomenclature and concepts, and are introduced to the diverse applications of psychology. The graduate programs prepare students to apply skills in schools, mental health agencies, government, industry, and other settings. Training at the graduate level is designed to prepare qualified, responsible professionals who may provide assessment, consulting, counseling, and other services to the citizenry of the region.
BACHELOR OF ARTS DEGREE WITH A MAJOR IN PSYCHOLOGY and
BACHELOR OF SCIENCE DEGREE WITH A MAJOR IN PSYCHOLOGY

These programs introduce students to the liberal arts and to psychology as a scientific discipline, with content and methods able to improve the human condition. To declare psychology a major you must have completed 45 hours of coursework in the Core and earned at least a “C” or better (≥ 2.0 GPA) in all your previously attempted coursework. You must also earn a “C” or better (≥ 2.0 GPA) in each and every required psychology course and prerequisite. Each program in the department has numerous desired outcomes. Examples of these outcomes for the Bachelor of Arts and the Bachelor of Science Degrees include:

Selected Educational Outcomes

1. Students will use the scientific method as a primary basis for engaging in critical thinking and evaluating multiple sources of information.
2. Students will design, run, and analyze descriptive, correlational, and experimental studies, and write research reports using APA style.
3. Students will prepare and present assignments dealing with controversial and ethical issues related to psychological intervention and research.
4a. Specific to the B.A. degree: Students who graduate with a B.A. degree with a major in psychology, in addition to the above outcomes, will also demonstrate an understanding of a second language and culture.
4b. Specific to the B.S. degree: Students who graduate with a B.S. degree with a major in psychology, in addition to the above outcomes, will also demonstrate proficiency in science and math.

Requirements for the B.A. Degree with a Major in Psychology

Core Areas A-E (See VSU Core Curriculum) ........................................... 42 hours

Area F Requirements ................................................................. 18 hours
PSYC 2500 ................................................................. 3 hours
ACED 2400 or CS 1000 ....................................................... 3 hours
PHIL 2010 or PHIL 2020 ....................................................... 3 hours
Three courses in the same foreign language ......................... 9 hours

Requirements for the B.S. Degree with a Major in Psychology

Core Areas A-E (See VSU Core Curriculum) ........................................... 42 hours

Area F Requirements ................................................................. 18 hours
PSYC 2500 ................................................................. 3 hours
ACED 2400 or CS 1000 ....................................................... 3 hours
PHIL 2010 or PHIL 2020 ....................................................... 3 hours
One natural science course ................................................. 3 hours
One mathematics course (1111 or higher) ......................... 3 hours
One natural science or math course (1111 or higher) .......... 3 hours
Upper level requirements are the same for the B.A. and B.S. degrees.

Upper Division Courses Required for the Major. ....................................... 36 hours
- PSYC 3200, PSYC 3500, PSYC 3600, PSYC 3900 .................. 12 hours
- PSYC 3400 or PSYC 3450 ....................................................... 3 hours
- Two courses selected from ................................................ 6 hours
  PSYC 3300, PSYC 3700, PSYC 3710, PSYC 3800
- PSYC 4100 or PSYC 4150 ....................................................... 3 hours
- PSYC 4000 or PSYC 4050 ....................................................... 3 hours
- One course selected from ..................................................... 3 hours
  PSYC 4900 or PSYC 4950 or PSYC 4991-4992-4993
- Two of the following (not taken to fulfill above requirements) ...................... 6 hours
  PSYC 4000, PSYC 4050, PSYC 4100, PSYC 4150, PSYC 4300,
  PSYC 4800, PSYC 4900, PSYC 4950, PSYC 4991-4992-4993.

Guided Electives. ....................................................................................... 24 hours

Students, in consultation with their advisor, will take an additional series of courses, possibly a minor, that will further differentiate between the BA and the BS degrees. These electives will also allow for increased skill development that will help the student continue on to a graduate or professional school or to obtain employment in a career not requiring post-baccalaureate training. Although only 39 hours of 3000 and 4000 courses are required by the Board of Regents of the University system of Georgia, the student should not assume the minimum to be the maximum.

Total hours required for the degree ....................................................... 120 semester hours

The department assesses the extent to which program requirements create the desired outcomes by a variety of techniques. Examples of these assessments (and related educational outcomes) include the following:

Examples of Outcome Assessments

1. Students will be assessed in classroom and experimental settings through written assignments using the scientific method.
2. Students’ research reports will be assessed by individual faculty members using appropriate criteria.
3. Students will be assessed on their ability to present controversial and ethical issues at increasingly advanced levels in multiple courses.
4a. Specific to the B.A. degree: Students will also be assessed by performance in Area F language and culture courses.
4b. Specific to the B.S. degree: Students will also be assessed by performance in Area F science and math courses.
Minor in Psychology .......................................................................................... 18 hours

PSYC 2500 and fifteen (15) hours of additional course work constitute the minor in psychology. PSYC 2500 must be completed before any of the other courses in the minor can be taken, and a grade of “C” or better must be earned in each course in the minor.

PSYC 2500 ................................................................................................. 3 hours
Choose one course from the following: .............................................. 3 hours
  PSYC 3200 Child Psychology
  PSYC 3210 Adolescent and Young Adult Psychology
  PSYC 3220 Adult Psychology and Aging
Choose one course from the following: .............................................. 3 hours
  PSYC 3400 Abnormal Psychology
  PSYC 3450 Theories of Personality
Choose one course from the following: .............................................. 3 hours
  PSYC 3300 Applied Behavior Analysis I
  PSYC 3500 Statistical Methods in Psychology
Choose two courses from the following: .......................................... 6 hours
  PSYC 3600 Experimental Psychology
  PSYC 3700 Rehabilitation Psychology
  PSYC 3710 Social Psychology
  PSYC 3800 Industrial/Organizational Psychology
  PSYC 4300 Applied Behavior Analysis II
The Department of Special Education and Communication Disorders is a multidisciplinary department with a program that leads to a B.S. Ed. degree with a major in special education or a major in communication disorders.

The Bachelor of Science in Education degrees with a major in special education or in communication disorders is designed to introduce university students to the fields of special education and speech/language pathology and to allow them to develop skills for intervention with students and clients with disabilities and disorders. In the area of communication disorders, the B.S.Ed. is a pre-professional degree. Pre-professional degrees are also available in the special education options of mild disabilities, mental retardation, deaf education, American Sign Language/Interpreting, and interrelated special education/early childhood.

In order to be awarded certification for public school instruction or licensure for practice, students must complete an advanced degree in one of the selected areas.

Each program in the department has numerous desired outcomes. Examples of these outcomes include the following:

**Selected Educational Outcomes**

1. Students who graduate from teacher preparation programs will demonstrate an acceptable level of content knowledge in multiple disciplines.
2. Students in teacher preparation programs will demonstrate an acceptable level of teaching competency in their major areas by planning for the delivery and assessment of appropriate instruction and therapy in school and clinical settings.
3. Students will plan for culturally responsive instructional opportunities with sensitivity to individual learners.
4. Students will plan for the establishment and integration of technology into instruction, assessment, and communication.

**BACHELOR OF SCIENCE IN EDUCATION DEGREE WITH A MAJOR IN COMMUNICATION DISORDERS**

Students admitted to the Communication Disorders program must have a 3.25 GPA.

**Core Areas A-E** (See VSU Core Curriculum) ................................................................. 42 hours

**College of Education Health and Physical Education Requirements.** ...... 6 hours

- KSPE 2000, KSPE 2150 .................................................. 4 hours
- Two KSPE Fitness/Activity Courses ................................. 2 hours
Area F Requirements. ................................................................. 18 hours
   ACED 2400, MSED 2000, SPEC 2000 ....................................... 9 hours
   Language Arts (Selected from any 2000 level course) .......... 3 hours
   Math (Selected from any 1000 or 2000 level course) .......... 3 hours

Student outcomes for the Bachelor of Science in Education degree in with majors in special education and in communication disorders are assessed by multiple instruments and methods.

Examples of Outcome Assessments

1. Content knowledge is assessed through objective and narrative written examinations and oral presentations.
2. Planning for the application of content knowledge is assessed with observations by university and public school professionals and private service providers using performance assessments to determine if plans include appropriate College of Education Principles.
3. Students’ plans for culturally responsive instruction with sensitivity to individual learners will be evaluated by university personnel to ensure individual needs are met.
4. Students’ plans for the establishment and integration of technology into instruction, assessment, and communication will be evaluated through their replications of integration by university personnel who will test the applications and provide feedback to students regarding the satisfaction of the procedure.
