The Harley Langdale, Jr. College of Business Administration at Valdosta State University offers the Master of Business Administration (MBA) program. With four other AACSB-accredited business schools in Georgia, the Langdale College of Business also offers a collaborative, web-based Master of Business Administration (WebMBA) program. Valdosta State University graduates from both programs receive the same VSU Master of Business Administration degree.

The MBA and WebMBA programs are designed to offer graduate business education that prepares graduates for management careers in both for-profit and not-for-profit organizations. The programs integrate knowledge of the functional areas of business with ongoing developments in business practice. Furthermore, the programs seek to develop students’ critical thinking, problem-solving, and communications skills, appreciation for diverse cultural perspectives, and ability to solve real-world business problems.

The MBA and WebMBA programs are fully accredited by AACSB International—The Association to Advance Collegiate Schools of Business, the premier national accrediting agency for programs in business administration. Fewer than one-third of all business administration programs nationwide have achieved this recognition.

The Langdale College of Business Administration occupies Pound Hall and Thaxton Hall on VSU’s Steele North Campus. These state-of-the-art facilities include multi-media classrooms, a student computer lab, and a computer teaching classroom.

**MBA DEGREE POLICIES AND PROCEDURES**

In addition to the VSU requirements for admission, retention, and graduation detailed in the Graduate Catalog, the following requirements and procedures apply to the MBA and WebMBA program.

**Application**

To apply to the MBA or WebMBA program, please follow the application requirements for the Graduate School and the MBA program. For WebMBA applicants, a brief letter stating interest in the WebMBA program and potential for on-line learning must also be included. The application form and further information are at <http://valdosta.edu/lcoba/grad/>.
Admission Process
The MBA Director and the MBA Committee, made up of all MBA faculty, make admissions decisions. Applicants must have earned an undergraduate degree from an accredited or approved college or university.

For Regular Admission consideration, a student must achieve (1) a score of at least 1100 on the standard formula (GPAx200) + GMAT, (2) a GMAT score of at least 480, and (3) an undergraduate GPA of at least 3.0 (on a 4.0 scale).

For Probationary Admission consideration, a student must achieve (1) a score of at least 1050 on the standard formula, (2) a GMAT score of at least 450, and (3) an undergraduate GPA of at least 2.5 (on a 4.0 scale).

If a student’s first language is not English, a TOEFL score of at least 523 (193 on the computer-based test) is needed for admission consideration.

For WebMBA applicants, at least two years of business work experience are also required. In assessing a candidate’s likelihood of successfully completing the MBA or WebMBA programs, the MBA Committee takes the entire application packet into account.

Course Transfers
If transferred from an AACSB-accredited graduate business program, up to six semester hours of graduate business courses may be counted toward the requirements for the MBA degree at Valdosta State University. Students wishing to transfer credit must request and receive permission to do so from the Director before beginning the program.

Retention Requirements
Students will be dismissed from the MBA or WebMBA program if they accumulate three or more academic deficiency points. A grade of “C” equals one deficiency point, but the course will count toward the MBA degree. A grade of “D” equals two deficiency points, and the course will not count toward the MBA degree. A grade of “F” or “WF” equals three deficiency points, and the course will not count toward the MBA degree.

Graduation Requirements
A 3.00 cumulative GPA (on VSU’s 4.00 scale) is required for graduation. All requirements for the MBA degree must be completed within the seven-year period beginning with the student’s first term of enrollment in a graduate course (i.e., a 6000-7000 level course).

MASTER OF BUSINESS ADMINISTRATION (MBA) PROGRAM
The Master of Business Administration (MBA) is an on-campus, part-time, evening program. Each class meets one night per week. Students can begin the MBA program any semester.

The program offers two, three-hour MBA courses in Fall and Spring Semesters and one, three-hour MBA course in Summer Semesters. The program can be completed in six semesters (including two summer semesters); however, students may choose to take up to seven years to complete the program.

MBA Learning Goals

MBA students will be:

1. Competent in the business disciplines, using appropriate accounting, marketing, economics, quantitative methods, organizational behavior, finance, or production knowledge and tools to make a business decision in that functional area.
2. Critical thinkers, using concepts from strategic management to integrate relevant information, decision-making techniques, and concepts from multiple business functions to make decisions in new or unpredictable environments.
3. Effective communicators, using information technology and oral and written skills to enhance decision making through better communication.
4. Proficient in making ethical and legal decisions, recognizing cultural differences in the legal and ethical implications of business decisions.
5. Globally cognizant, identifying management issues in a global environment with disparate business views and culturally diverse customers and employees.
6. Team players and leaders, demonstrating the team and leadership skills needed to make a business decision.

Examples of Goal Assessments
1. Students complete knowledge tests related to relevant learning objectives for each course.
2. Students complete class exercises, group projects and present cases in oral and written form
3. Faculty observe and rate students on teamwork and leadership skills.

GEORGIA WEBMBA® PROGRAM
“GEORGIA’S MBA FOR THE NEW MILLENNIUM”

The collaborative, web-based Master of Business Administration (WebMBA) program is offered by five AACSB-accredited business schools in Georgia (Valdosta State University, Kennesaw State University, Georgia College & State University, Georgia Southern University, and State University of West Georgia). The purpose of this program is to enhance the graduate educational opportunities for working business professionals in Georgia. To view the Georgia WebMBA Consortium Web Site, please see <www.webmbaonline.org>.

All five schools admit students, who participate in a common curriculum. Each WebMBA consortium school provides faculty who are academically or professionally qualified. The faculty members for this program are among the strongest graduate faculty for each school in terms of teaching, research, and business experience.

A new WebMBA cohort is admitted each Fall Semester. Two WebMBA courses will be offered each semester, including summer terms. A student may complete the entire program in five semesters.

WebMBA Prerequisites

Applicants must have completed the following five prerequisites or their equivalents before being admitted to the program:

**Total Course Hours** .................................................. 30 hours

**Course Load**

WebMBA students normally enroll for six semester hours each semester for five semesters, progressing through the program as a single cohort.

**Special WebMBA Program Costs**

Students accepted by Valdosta State University for the WebMBA program will enroll and pay for all classes through VSU. Program tuition will be $1,638 per three-semester-hour course ($546 per student credit hour) for both in-state students and out-of-state students. Additionally, each student is required to have the necessary computer hardware, software, and internet connection to complete the program. Details of these computer requirements are listed on the WebMBA web site <http://www.webmbaonline.org>.

**Common Platform**

The WebMBA will use Vista as a common platform. Support for Vista is available on the individual campuses as well as at the University System level. Students will learn how to use Vista during the two-day Student Orientation.

**The WebMBA Degree**

Students accepted by Valdosta State University for the WebMBA program will receive the MBA degree from VSU (identical to the on-campus MBA degree).
The Valdosta State University College of the Arts includes the Department of Art, the Department of Music, and the Department of Communication Arts. The organization of the disciplines of the performing and visual arts into one academic unit is uncommon in the University System of Georgia and reflects a traditional and continuing commitment to scholarship in the fine arts.

The College of the Arts offers graduate degree programs with majors in art education and music education in cooperation with the College of Education. The graduate faculty members of the College of the Arts maintain the strong belief that their teaching role is a significant aspect of their professional life. Arts faculty members also maintain a strong commitment to scholarly and creative research as well as service to the institution, region, and to their profession.

The College of the Arts mission centers on the preparation of professionals for a variety of roles in the arts. At the graduate level, the Master of Art Education degree program and the Master of Music Education program prepare teachers in these disciplines to be leaders in their schools and provide substantial learning for the students in their care.

The College of the Arts provides numerous cultural and artistic opportunities for students including theater, dance, Valdosta Symphony Orchestra, jazz band, and art exhibitions. The college is also home to Cable Channel 12 and WWET radio (NPR).

The Valdosta State University College of the Arts is an accredited institutional member of the National Association of Schools of Art and Design, National Association of Schools of Music, National Association of Schools of Theater, the Southern Association of Colleges and Schools, and the National Council for Accreditation of Teacher Education.
The Department of Art, in conjunction with the Department of Middle, Secondary, Reading, and Deaf Education, offers the Master of Education degree with a major in secondary or middle grades education–teaching field ART.

Students entering the Master of Education degree have already met initial certification requirements for art education, Field 11, and consequently, have the necessary foundations in art and professional education for advanced study. In their graduate work, students working in the art content area are required to take 21 hours of art, art history, and art education or other related courses within the content and specialization requirements for the degree. This degree track includes 9 semester hours of graduate art education courses taught by art education faculty. Required art education courses include an advanced seminar concerned with developments in philosophy of education and with contemporary problems in art education (ARED 7500). ARED 7450 includes a review of curriculum developments, teaching methodology, innovations, and multidisciplinary concepts as they relate to contemporary needs and developments in art and art education.

Course work for the primary content courses of the program is chosen from among the advanced courses in studio, art/design history, analysis, criticism, philosophy of art, art education. The track requires a minimum of one advanced course in art/design history, one in studio, and one in art/design analysis.

Students are expected to complete a final project indicating achievement within a specialized area of inquiry pertaining to the classroom.

Students enrolled in the art track will be expected to work with the faculty in Art Education and Middle, Secondary, Reading, and Deaf Education Departments to facilitate advising and portfolio development.
Selected Educational Outcomes for Advanced Teacher Education Programs

1. Students in advanced teacher education programs have an in-depth knowledge of the content that they teach.
2. Students in advanced teacher education programs select and use a broad range of instructional strategies and technologies that promote student learning and will clearly explain the choices they make in their practice.
3. Students in advanced teacher education programs reflect on their practice and are able to identify their strengths and areas of needed improvement.
4. Students in advanced teacher education programs analyze student, classroom, and school performance data and make data-driven decisions about strategies for teaching and learning so that all students learn.

Selected Program Assessments (Advanced Teacher Programs)

1. Majors in advanced teacher education programs will demonstrate the level of their content knowledge through performance on comprehensive examinations or completion of capstone project.
2. Majors in advanced teacher education programs will demonstrate their use of instructional strategies and technologies through completion of a self-evaluation of a teaching episode.
3. Majors in advanced teacher education programs will document reflection and will identify areas of strengths and areas for improvement through completion of the COE Advanced Teacher Self-Assessment Instrument.
4. Majors in advanced teacher education programs will demonstrate their ability to positively impact P-12 learning through documentation of student performance and achievement in an electronic portfolio.

The Department of Music offers instruction in music and music education leading to the Master of Music Education degree or to the Master of Music in Performance degree.

The Master of Music Education (M.M.Ed.) degree is offered for music educators who wish to further develop their competence in music teaching and to enhance their credentials in the music education profession. These studies are designed to explore the materials and methodology of musical instruction in depth and to develop the ability to understand and evaluate research in music and music education.

The Master of Music in Performance (M.M.P.) is a 36-semester-hour, non-thesis master’s degree program intended to further the musical and academic skills of accomplished musicians. Its purpose is to prepare musicians for careers in professional performing, conducting, and studio teaching. Students in the M.M.P. degree program will refine their performance skills to an advanced degree, deepen their knowledge of the academic and research aspects of music, and further develop their pedagogical skills.

**MASTER OF MUSIC EDUCATION**

**Departmental Requirements in addition to University Requirements for Admission, Retention, and Graduation**

**Special Admission Requirements**

Students must have completed an undergraduate major in music education and hold or be eligible for the Georgia T-4 teacher certification. Students with Bachelor of Music degrees with majors other than music education must achieve the Georgia T-4 certification before beginning the M.M.Ed.

In addition to the University requirements for admission to graduate study, three letters of recommendation from present or previous professional education supervisors must be provided by the applicant for admission to the Master of Music Education degree program. These letters may be from administrators, student teaching supervisors, or university faculty instructors of music education courses completed by the applicant. For applicants who have full-time teaching experience, one of the letters of recommendation must be from a supervising principal.
Applicants for admission to the Master of Music Education program may elect to the Miller Analogies Test as an alternative to the Graduate Record Examination. The minimum acceptable Miller Analogies Test score for regular admission to the M.M.Ed. program is 375.

Students will complete a diagnostic examination during the first semester of study to aid in the planning of courses. Any deficiencies identified in the diagnostic examination must be remedied by undergraduate coursework.

Requirements for admission to the Master of Music Education degree program are reconsidered annually by the Graduate Committee of the Department of Music through a review of the records of all the graduate students enrolled in the M.M.Ed. program.

**Special Retention Requirements**

The maximum load of regular full-time students during any semester is 12 hours and 9 hours for graduate assistants. Students employed full-time outside the Department of Music may enroll for no more than 4 hours. Enrollment during the first or second session of the summer term may not exceed one half of the maximum load for the full summer term. Any exception to the maximum load limits must be approved by the Advisor and the Head of the Department of Music.

**Special Graduation requirements**

During the term which the coursework is completed, or thereafter, students must successfully complete written and oral portions of the Comprehensive Examination before receiving the M.M.Ed. A description of the procedures for administration of the comprehensive Examination is available in the music department office.

**Selected Educational Outcomes**

1. Demonstrated knowledge of the historical and sociological foundations of music education in the United States.
2. Demonstrated understanding of educational psychology in music.
3. Demonstrated understanding of the methodology of music teaching.
4. Demonstrated competence in historical and theoretical studies in music.
5. Demonstrated understanding of the methodology of research in music education.

**Examples of Outcome Assessments**

Students will demonstrate the desired educational outcomes through the satisfactory completion of a Comprehensive Examination, including written and oral components, covering all graduate courses taken.

  thesis of six credit hours (MUE 7999).

Total Required for the Degree ............................................. 36 semester hours

Thesis Option
  Students who choose to complete a thesis in the Guided Electives area of the
  M.M.Ed. program will follow the process outlined below.

  1. The student will consult with the academic advisor about the thesis project.
  2. With the approval of the advisor, the student will submit a proposal describing
     the thesis project of the consideration of the Department of Music Graduate
     Committee.
  3. When approved by the advisor and the Committee, the student will register for
     MUE 7999 Thesis, three hours credit, for two consecutive semesters, or a total
     of 6 hours. A grade of incomplete will be recorded for MUE 7999 until the thesis
     is completed and approved.
  4. The thesis project will be completed by the student with the assistance of a
     Faculty Supervisor, assigned by the Head of the Department of Music on the
     recommendation of the advisor.
  5. When complete, the thesis will be submitted to the Graduate Committee by the
     advisor for final approval.
MASTER OF MUSIC IN PERFORMANCE

Departmental Requirements in addition to University Requirements for Admission, Retention, and Graduation

Special Admission Requirements

Applicants for the M.M.P. should possess outstanding performance skills as demonstrated by a live audition. They should ideally hold a Bachelor of Music degree in performance, although students with other baccalaureate music degrees may be considered for admission. Students’ records and references should reflect strong practice skills and discipline and high academic standards. An undergraduate grade point average of 3.00 is normally required, although students with lower grade point averages may be admitted on a probationary basis. A score of 900 on the GRE is required, with a score of 3 on Written Skills.

Vocal majors will be required to take a proficiency examination in German, French, and Italian diction during the audition process. Remedial work for no graduate credit may be required, based on the results of this examination.

Special Retention Requirements

The maximum course load per semester is 12 hours for regular full-time graduate students and 9 hours for graduate assistants. Students employed full-time outside the Department of Music may enroll for no more than 4 hours per semester. The course load for the first or second session of the Summer term may not exceed one-half the maximum course load allowed for the entire Summer term. Any exception to these limits must be approved by the Graduate Coordinator and the Head of the Department of Music.

Special Graduation Requirements

Before receiving the Master of Music in Performance degree, students must perform a graduate recital or recitals and pass a comprehensive examination. The graduate recital or recitals represent a culmination and application of applied study, pedagogy, music history, research, and analysis. An assessment of satisfactory on the recital or recitals is required for successful completion of the degree program. The comprehensive examination consists of written and oral portions, both of which must be completed to the satisfaction of an examination committee. This examination, which is taken during or after the last term of coursework, determines achievement in written and oral communication skills related to pedagogy, music history and analysis, literature, and research methodology. A description of the procedure for the administration of the comprehensive examination is available in the Music Department office. Students must complete the graduate recital and both portions of the graduate examination successfully to qualify for the degree.
Selected Educational Outcomes

1. Students will demonstrate an advanced level of performance skills and personal musicianship in studio and ensemble settings.
2. Students will demonstrate the ability to apply analytical and historical knowledge to performance.
3. Students will exhibit knowledge of applicable solo and ensemble literature.
4. Students will strengthen and apply pedagogical skills in studio instruction.
5. Students will demonstrate the methodology of research in the field of music.
6. Students will demonstrate the ability to communicate scholarly research in proper written form.
7. Students will demonstrate and implement a variety of instructional strategies to encourage development of critical thinking, problem solving, and performance skills in their private students.
8. Students will acquire knowledge of applicable theoretical skills.

Examples of Outcome Assessments

1. Students will complete a written and oral comprehensive examination that demonstrates satisfactory achievement in written and oral communication skills related to pedagogy, music history and analysis, literature, and research methodology.
2. Students will prepare and perform a graduate recital to the satisfaction of a faculty committee. This recital represents a culmination and application of applied study, pedagogy, music history, research and analysis.

Total Required for the Degree ............................................................ 36 semester hours
Applied Music:

Students register for four hours credit per semester for two 50-minute private lessons per week. Requirements include attendance at master classes as specified by the instructor, a student recital performance each semester, a final examination performance for a faculty jury at the end of each semester, attendance at student recitals and other designated Music Department events, and a graduate recital. Collaborative piano requires three graduate recitals—one vocal, one instrumental, and a third for which the content will be determined by the applied teacher. The graduate recital or recitals must be at least 60 minutes in length and must be approved by a faculty committee appointed by the Graduate Coordinator. The faculty committee will hear the entire proposed recital no more than three weeks before the performance date in a formal recital hearing and will approve or disapprove the public performance. If memorization is required for the recital, the hearing must also be memorized.

In the area of conducting, the student recital is replaced by a juried ensemble rehearsal or a conducting appearance with an appropriate University ensemble. The nature of the final examination at the end of each semester will be determined by the conducting area. The graduate recital is replaced by (1) an ensemble recital of 60 minutes approved by the principal professor, including the recruitment and organization of the ensemble, (2) performance assignments, and (3) a conducting appearance with an appropriate University ensemble on a regularly scheduled concert.
The College of Nursing offers a program that leads to a Master of Science in Nursing (M.S.N.) degree.

Master’s nursing education builds on baccalaureate nursing education and prepares nurses for specialized clinical roles. The M.S.N. program offers three clinical tracks: Advanced Nursing of Growing Families, Advanced Nursing of Adults, and Psychiatric/Mental Health Nursing. Three role options are available to graduate students: Care Manager, Nurse Educator, and Nurse Administrator. Graduate students must select one clinical track and one role option. The College offers a special track for Registered Nurse applicants leading to the B.S.N. or to both the B.S.N. and M.S.N. Please contact the college directly for information about this pathway. Both the bachelor’s degree (BSN) and the master’s degree (MSN) programs in the College of Nursing are accredited by the Commission on Collegiate Nursing Education, One Dupont Circle, NW, Suite 530, Washington, DC 20036. Telephone 202-887-6791; Fax 202-887-8476. Questions about accreditation status may be addressed to this organization.

All students take a common core before entering the clinical and role options. The common core includes Pathophysiology, Research, Theory, and an Issues Seminar.

Selected Educational Outcomes

1. Synthesize knowledge gained from the behavioral and natural sciences, humanities, and nursing into advanced nursing practice.
2. Utilize the research process to solve problems and improve the quality of health care.

Examples of Outcome Assessments

1. Each student must pass a comprehensive examination which tests communication, critical thinking, advanced discipline knowledge, and the ability to synthesize.
2. Each student must demonstrate application of theory, practice, knowledge, critical thinking, and problem solving by completion of a thesis or project.

Completed graduate school application deadlines (including all required documents):
February 15 for Fall Semester
September 15 for Spring Semester

Special Admission Requirements

1. Must have graduated from a NLNAC-accredited or CCNE-accredited Bachelor of Science in Nursing program.
2. Minimum score of 400 on the verbal section and minimum score of 3.5 on the analytical writing section of the Graduate Record Examination (GRE). If the GRE was completed within the past five years and before October 1, 2002, then a combined minimum score of 800 on the verbal and analytical sections will be accepted. A Miller Analogies Test (MAT) score of 400 or higher (or equivalent) will be accepted as an alternative to the GRE.
3. GPA of 3.0 or higher on a 4.0 point scale
4. Evidence of Georgia licensure.
5. Documentation of current health and accident insurance
6. Three letters of recommendation from persons whose observations of applicant’s character and abilities are current.

Admission to regular graduate status requires completion of a statistics course and completion of a course or demonstrated competency in advanced physical assessment.

Special Retention Requirements

1. Documentation of malpractice insurance of $1,000,000/$3,000,000.
2. A minimum grade of C in all nursing courses.
3. Documentation of current certification in CPR.
4. Cumulative GPA of 3.0 for all graduate courses.
5. Maintenance of current licensure as a Registered Nurse.

Special Graduation Requirements

1. Satisfactory completion of the comprehensive examination covering the areas of theory, research, the clinical focus, and the selected role.
2. Successful completion of a thesis or project.
3. Cumulative graduate GPA of 3.0 or higher.

The Division of Social Work offers a Master of Social Work degree. Social Work is a profession committed to improving the quality of life for all individuals. Social workers perform a variety of roles in many settings and are eligible for professional certification and state licensure. The Master of Social Work degree program at Valdosta State University is designed to prepare students for advanced generalist practice in rapidly changing environments.

Social workers in advanced generalist practice use their skills as direct service providers in interventions with individuals, families, groups, organizations, as well as in communities, in the role of supervisors, managers, administrators, researchers, and social planners.

**MASTER OF SOCIAL WORK**

Division Requirements in addition to University Requirements for Admission, Retention, and Graduation

**Special Admission Requirements**

Admission is based on student’s overall achievement. Application to the Master of Social Work degree program requires:

1. An undergraduate degree with a liberal arts base
2. Grades of “C” or better in 6 semester hours of humanities, 3 semester hours of mathematics, 6 semester hours of social sciences, and 3 semester hours of a course containing human biology content.
3. 3.0 grade point average in the last two years of the undergraduate major
4. 2.5 overall undergraduate grade point average
5. Graduate Record Exam (GRE) combined score of 800 on the verbal and quantitative sections or 400 on verbal and 3.5 on the analytical writing section OR Miller Analogies Test score of 400. (If taken prior to October 2004, a score of 44 is needed.)
6. A MSW Supplemental Application

**Additional Admission Requirements for Advanced Standing (AS) Students**

1. Applicant must have a B.S.W. degree received within the last five years from an undergraduate program accredited by the Council on Social Work Education.
2. Two of the three letters of recommendation must be from B.S.W. faculty members.
3. Applicants must have excelled academically and professionally in their B.S.W. class.
4. Applicants must be available to take summer classes.
5. Applicants may apply for full- or part-time status and may apply for either the on-campus or web-based cohort.

Enrollment is limited. Deadline for applications is March 15 of each year. Applications received after the deadline will be considered on a space-available basis. Classes start in May or August for regular students and in May for Advanced Standing students (B.S.W.).

Academic credit will not be given for life experience or previous work experience. Students are not admitted to the program on probationary status.

Special Retention and Graduation Requirements

To graduate, students must complete 60 semester hours including 43 credit hours of required classroom instruction with a “B” average of 3.00 or higher and 17 credit hours of field practicum with a grade of “Satisfactory.” Students must maintain a grade point average of not less than 2.5 at all times. Advanced Standing students (those with a B.S.W. degree from an accredited institution) must complete 33 hours, which include SOWK 6000 (2 hours) and SOWK 6100 (1 hour), for a total of 25 classroom hours with a “B” average or 3.00 or higher and 8 credit hours of practicum with a grade of “Satisfactory.” The full-time program is 2 years in length, but 3- and 4-year part-time plans are offered. The Web-Based M.S.W. program is 3 years in length, including 5 weekends of on-campus classes each semester. A portfolio is required as an exit examination.

No grade below “C” will be credited toward the M.S.W. degree. Students will be dismissed from the program if they accumulate 4 or more academic deficiency points. A grade of “C” equals one deficiency point (and will be credited toward the M.S.W. degree). A grade of “D” equals 2 deficiency points (and will not be credited toward the M.S.W. degree). A grade of “F” or “WF” equals 3 deficiency points (neither of these will be credited toward the M.S.W. degree). Because of the emphasis on practicum performance in the social work program, a grade of “Unsatisfactory” in practicum equals 4 deficiency points and will result in permanent dismissal from the program.

Readmission After Dismissal for Academic Deficiencies

Readmission is not guaranteed. A student must wait a full academic year before reapplying for readmission. If readmitted, the student must retake only courses with deficiencies until the number of deficiency points is fewer than or equal to 2. A student may not take a class more than twice or apply for readmission more than once.

Selected Educational Outcomes

1. Graduates will demonstrate the integration of social work knowledge, values, ethics, and skills into competent advanced practice.
2. Graduates will demonstrate advanced practice skills at multiple levels in a variety of settings within the context of rural areas.
3. Graduates will demonstrate the knowledge and skills related to the improvement of conditions for people from diverse cultures and situations.
4. Graduates will demonstrate an understanding of the dynamics of change and how to effect positive social change at multiple levels.

**Examples of Outcome Assessments**

1. Students must complete all academic requirements to a satisfactory degree, including 1,000 clock hours of practicum.
2. Students must submit a portfolio to the faculty during the last semester in residence, which reflects the way in which they met all program objectives.

**Total Hours Required for the Degree** ........................................... **60 semester hours**
This program is accredited by the Council on Social Work Education. Students who are not enrolled in the MSW program may take elective courses with the permission of the division head, but required courses are restricted to MSW students.

The MSW program is cohort-based, and the order of courses is strictly determined by selection of program. Program cohort options and detailed programs of study are available at the Division of Social Work office and website <www.valdosta.edu/sowk>.

Students are admitted to one of the following cohort options: (1) On-campus option: Full-Time (2-year); Part-Time (3- or 4-year); (2) Web-based (3-year) or (3) Advanced Standing. Advanced Standing students may request either the on-campus or web-based option and may elect to attend classes full-time or part-time.

The Advanced Standing option is available only to students who received a B.S.W. from a CSWE accredited program in the last five years. Additional admission requirements apply. Enrollment is extremely competitive, and space is limited.

**Field Practicum**

Students in the MSW program complete two separate year-long practicum experiences. These field placements in social service agencies run concurrently with coursework and allow students an opportunity to integrate classroom content with actual practice experiences.

Students are required to complete 16 to 18 hours per week in practicum, depending on program cohort option. Practicum placements are geographically limited and determined by the Director of Field Instruction.
The mission of the Master of Library and Information Science (MLIS) Program, accredited by the American Library Association, is to provide a quality publicly supported education for generalists and specialists in the library and information science fields. Its primary focus is to educate librarians for academic, public, and special libraries in Georgia. The 39-hour non-thesis program combines brief periods of face-to-face instruction with Internet instruction and distance education. The program is designed for students who cannot leave jobs and families to return to a single campus for extended periods. Face-to-face classes will be held in various locations based upon geographic convenience for the class.

New students begin in the fall or spring semesters. MLIS 7000, Foundations of Library and Information Science, offered every fall and spring, is prerequisite or corequisite to many other MLIS courses. The Capstone course, MLIS 7800, is taken during the final semester of study and serves as the exit requirement for the program.

For additional information about the Master of Library and Information Science Program, see <http://www.valdosta.edu/mlis/>.

Departmental Requirements in addition to University Requirements for Admission

1. Undergraduate grade point average (GPA) of at least 3.0 on a 4.0 scale for the last two years of undergraduate coursework or at least 3.0 GPA in a Master’s degree from an accredited institution
2. Graduate Record Examination (GRE) combined score of 950 verbal and quantitative or 450 verbal and 4.0 analytical (For GRE examinations taken prior to October 2002, a 950 combined verbal-quantitative or verbal-analytical score is required.) or Miller Analogies Test (MAT) score of 410. (For MAT taken prior to October 2004, a score of 50 is required.)
3. For a student with less than 3.0 GPA or lower GRE or MAT scores, probationary admission can be considered.
4. For international students, Test of English as a Foreign Language (TOEFL) score of 550 (213 on the Computer-based Test)
Selected Educational Outcomes

Competence within the context of the MLIS program will be defined, in part, on the degree candidate’s ability to:

1. Utilize knowledge, ethics, skills, and service-oriented behaviors to facilitate information-seeking, in general, and to customize those professional attributes to the needs of at least one distinct library type setting (public, academic, or special), in particular.

2. Apply principles of knowledge organization (including descriptive cataloging and subject-oriented classification schemes) in libraries and information centers.

3. Investigate authentic (real-world) professional scenarios through observations, interviews, surveys, fieldwork, or other means appropriate to experiencing library and information center operations first-hand.

4. Communicate ideas, proposals, rationales, findings, or problem solutions clearly and concisely to professors, colleagues, and classmates using modes, media, and technologies appropriate to the circumstances.

5. Devise management plans based upon institutional criteria associated with libraries and information centers in areas such as access, collections, personnel, acquisitions, programming, and technology.

Examples of Outcome Assessments

Evaluation of an MLIS degree candidate’s competencies will be based, in part, upon:

1. Completion of a professional portfolio, composed as a self-portrait of the author’s achievement and potential. Individual portfolios are graded pass-fail in the MLIS Foundations course and serve as one cornerstone of the MLIS Capstone course.

2. Production of bibliographic descriptions of library materials based upon professional cataloging standards (e.g., Concise AACR2 and USMARC format). The instructor examines the relevancy of the data elements, the adherence of the description to formatting rules, and low composition errors as part of the grading rubric.

3. Fulfillment of objectives related to supervised fieldwork. Objectives are based upon the student’s goals and are mutually developed by the student, the site supervisor, and the evaluating professor.

4. Participation in electronic communications via asynchronous modes (discussion groups or e-mail) and synchronous modes (chat sessions or teleconferencing) as assessed by effective conveyance of ideas (e.g., clarity and conciseness of language) and the effort exhibited (e.g., number of transactions or time online).

5. Authorship of documented papers written in a scholarly style and that meet specific course requirements.
