Core Curriculum of the University System of Georgia

The Core Curriculum of the University System of Georgia has been established for the general purpose of providing a basic, broad-based, general education in essential academic skills, in different perspectives on the common culture, in humanities, fine arts, science, mathematics, technology, social sciences, and other academic courses which are appropriate for preparation for the student’s major.

The Core Curriculum facilitates the educational progress of students as they pursue baccalaureate degrees within and among the various units of the University System of Georgia. It represents an effort to deal effectively with students’ curricular problems resulting from increased enrollments, increased numbers of students enrolled in two-year colleges, increased mobility of student populations, increasing numbers and complexity of major fields of study offered in the four-year schools and universities, and the transfer of credit among units of the University System of Georgia.

The Core Curriculum is composed of 60 required semester hours in several areas of study:

PHYS 1111K, PHYS 1112K, PHYS 2211K, PHYS 2212K

Any one course from the following ......................................... 3 hours
*ASTR 1000, BIOL 1050, BIOL 1060, BIOL 1070,  
BIOL 1080, BIOL 1090, ENGR 1010, *GEOG 1110,  
*GEOL 1110, MATH 1112, MATH 1261, MATH 2620,  
MATH 2261, MATH 2262, PHSC 1100

* Check course restrictions in the course descriptions on pages: 261 & 306.
AREA D.2.a Required of astronomy, biology, chemistry, computer science, environmental geography, mathematics, and physics majors, and all students in the pre-engineering program.

Mathematics, above the level taken for Area A .......... 3 hours
For biology majors: MATH 2261, MATH 2262, or MATH 2620
For all other science or mathematics majors:
MATH 2261 or MATH 2262
(The additional hour of calculus [MATH 2261 and 2262] counts in Area F or in the major.)

Science (for all students listed above) ....................... 8 hours
  BIOL 2010, CHEM 1211K, CHEM 1212K,
  PHYS 2211K, PHYS 2212K

AREA D.2.b Required of nursing majors
Two required chemistry courses ............................... 8 hours
  CHEM 1151K and CHEM 1152K
One required course from the following .................... 3 hours
  ASTR 1000, ASTR 1010K, ASTR 1020K,
  BIOL 1010/1020L, BIOL 1030/1040L, BIOL 1050,
  BIOL 1060, BIOL 1070, BIOL 1080, BIOL 1090,
  CHEM 1010, CHEM 1211K, CHEM 1212K,
  GEOG 1110, GEOG 1112K, GEOG 1113K,

Mission Statement

The College of Arts and Sciences is dedicated to serving students, faculty, the institution, and the region. All programs and services are governed by a commitment to excellence that is the hallmark of the College.

To serve students. The College serves students through the Core Curriculum and through various programs of study in preprofessional, transfer, and degree programs. The Core Curriculum, most of which is delivered by departments and programs in Arts and Sciences, provides all students of the University a foundation grounded in the liberal arts disciplines of the humanities, natural sciences, social sciences, and mathematics. Learning outcomes of the Core are designed to develop critical thinking, written and oral communication skills, and the ability to use technology effectively. Beyond the Core, the mission of the College is to provide quality minors, associate, bachelor, and graduate degrees in these traditional disciplines and in interdisciplinary programs, and to serve students in programs in other Colleges. All programs are characterized by having clearly defined goals, coherent structure, currency, relevance, and rigor, and all prepare students to meet the challenges of an ever-changing world.

To serve faculty. The College serves its faculty by providing an environment in which instructional excellence is expected and valued, service to the university and community is encouraged, and scholarly activity, research, and creative endeavors are supported and rewarded. Through activities as varied as the recruitment of new faculty to the celebration of the contributions of retiring faculty, the College creates a congenial work environment that supports its faculty intellectually and professionally.

To serve the institution. Beyond program contributions, the College of Arts and Sciences seeks to serve the university community at large by its participation in the various activities that make up the life of the institution outside the classroom. Students and faculty from Arts and Sciences participate in academic and non-academic extracurricular activities, including governance organizations, and serve on departmental, college, and university committees that contribute to the effective functioning of the institution. An integral part of the mission of Arts and Sciences is to seek out and support opportunities for collaboration with other units of the university outside of the College.
To serve the region and beyond. The College of Arts and Sciences, as the largest academic unit of Valdosta State University, plays a major role in helping the university meet its service mission to the intellectual, cultural, and economic life of the region. Through teaching, research, creative endeavors, and the spectrum of outreach and support activities provided by the students and faculty of the College, Arts and Sciences contributes to an improved quality of life for all citizens of the region.

Eleven academic departments comprise the College of Arts and Sciences: Biology; Chemistry; English; History; Mathematics and Computer Science; Modern and Classical Languages; Office of Academic Student Instructional Support; Philosophy; Physics, Astronomy, and Geosciences; Political Science; and Sociology, Anthropology, and Criminal Justice. The degrees of Associate of Arts, Associate of Applied Science, Bachelor of Arts, Bachelor of Science, Bachelor of General Studies, Master of Arts, Master of Public Administration, and Master of Science are granted through the College. Four interdisciplinary programs also are housed in the College of Arts and Sciences: African American Studies, Honors, Interdisciplinary Studies and Women’s Studies.

The Bachelor of Arts degree with a major in economics is offered in conjunction with the College of Business Administration. The Bachelor of Arts degree with majors in art or music is offered in conjunction with the College of the Arts; the Bachelor of Arts degree with a major in psychology, and the Bachelor of Science degree with a major in technical studies, the Bachelor of Science degree with a major in sports medicine and the Bachelor of Science degree with a major in psychology are offered in conjunction with the College of Education. Detailed degree requirements may be found in the Valdosta State Bulletin in sections of the departments of Economics; Art; Music; Psychology and Counseling; Vocational Education; and Kinesiology and Physical Education.

The Associate of Arts degree may be earned upon satisfactory completion of 60 semester hours of academic credit, to include completion of Areas A through F of the Core Curriculum. Any single Area F may be selected from among departmental listings. The Associate of Applied Science degree cooperative program, and the Associate of Applied Science degree in dental hygiene with Valdosta Technical Institute, are offered in conjunction with the College of Education.

Pre-Professional Program

Although degrees are not conferred in pre-professional areas such as pre-medicine or pre-dentistry, programs of study are available that prepare students to enter other institutions where they can complete their professional training. Some programs require students to finish a four-year sequence in a major; others call for students to complete a two- or three-year sequence of study. Since requirements for pre-professional degrees vary according to programs and students’ needs, it is important that students declare early their intention to pursue specialized study so that they may receive proper advising. Pre-professional areas and the departments responsible for advising are listed below.
