Note: you are not limited to the section headings shown on this template and can use other section titles that are appropriate for your research. Also, can use any background color that you like for your poster.

Methodology

<Use a font size of 40 for this section.>

Optional location for additional photos, tables, or graphs.

Use a fonts size of 32-36 for your table values, graph legends, etc. so it is still readable after the poster is printed on an 8.5 X 11 sheet of paper.

Optional location for photos, tables, or graphs.

Use a fonts size of 32-36 for your graphs legends so it is still readable after the poster is printed on an 8.5 X 11 sheet of paper.

You can use as many good quality pictures, tables, or graphs that you like and can place them anywhere on your poster with an appropriate margin. However, the size of the fonts used on the graphs, pictures or tables should be at least 32.

Results and Discussion
