3rd Annual Dr. Robert A. Hull, Jr. Memorial Lecture Series

October 19, 2012

Dysphagia: Current Trends for Every Clinician

Presenter:

Julie A.G. Stierwalt, Ph.D., CCC-SLP
Associate Professor, Florida State University

APPROVED PROVIDER

Valdosta State University is approved by the Continuing Education Board of the American Speech-Language-Hearing Association (ASHA) to provide continuing education activities in speech-language pathology and audiology. See course information for number of ASHA CEUs, instructional level and content area. ASHA CE Provider approval does not imply endorsement of course content, specific products or clinical procedures.

This program is offered for
.5 CEUs (Intermediate Level:
Professional area)

Dr. Robert A. Hull, Jr.

Dr. Robert A. Hull, Jr.'s foresight in academia led him to develop and teach undergraduate and graduate courses at Ball State University and Valdosta State University. In addition to his role as a beloved professor and advisor, Bob was a clinical supervisor, a clinic director, an off campus placement coordinator, and the parliamentarian and executive secretary of the university faculty senate.

His impact on the SLP profession spanned the country through his service to multiple state and national professional organizations, including being a member of GSHA for 23 years. Over time, he held every office in the association, including President for two terms. He also served on several ASHA committees and was the Publications and Technology Chair for the Council of State Association Presidents, an affiliation of ASHA. At the 2009 GSHA annual convention, he was awarded the Honors of the Association in recognition of his outstanding performance in clinical service, academic teaching, service to GSHA, and service to other local, regional, and national organizations.

Dr. Hull will always be remembered for his love for family, VSU, and his students. All proceeds from the Hull Memorial Lecture Series benefit the Dr. Robert A. Hull Scholarship Fund.

Course Overview

Proposed Schedule:

8:15-8:45	Registration
9:00-9:45	Overview of Swallowing
10:00-10:15	Break
10:15-12:00	Session 2
12:00-1:00	Lunch
1:00-3:00	Session 3
3:00	Adjournment

Learning Outcomes: Upon completion of the conference, participants will be able to:

- outline the anatomical and physical structures and functions for swallowing, as well as their neurological substrates.
- list current clinical techniques utilized in the assessment of individuals with dysphagia.
- list treatment methodologies and their rationale in managing patients with dysphagia.
- design protocols and provide evidence for strengthening techniques, electrical stimulation, and compensatory strategies in the management of individuals with dysphagia.

The lecture will be held in the **Magnolia Room of the VSU University Center**. Free parking is available at the University Center (marked as "conference parking") as well as across the street in the Martin Hall/Speech Clinic parking lot.

Directions from Interstate 75

Follow I-75 to Exit 18 and travel east into Valdosta. Turn left at the second traffic signal onto Gornto Road. At the next traffic signal turn right onto Baytree Road. Follow Baytree Road until it dead ends into the VSU campus. Turn right, onto Oak Street. At the first traffic signal, turn left onto Brookwood Drive. At the next traffic signal, turn right onto Patterson Street. The University Center will be on your left.

About the Presenter

Julie A.G. Stierwalt is the Interim Director and Associate Professor in the School of Communication Science and Disorders at Florida State University, where she teaches courses in dysphagia, neurogenic cognitive/communication disorders, structural-based communication disorders, and medical speech pathology. Dr. Stierwalt received her B.A. and M.A. degrees from the University of Northern Iowa, and her Ph.D. from the University of Iowa.

Currently her clinical work centers on evaluating and treating clients in the L.L. Schendel Speech and Hearing Clinic at Florida State University, consulting with community agencies, and clinical research in dysphagia, motor speech disorders, and cognitive-linguistic impairment. She has co-authored a textbook and published numerous articles and chapters in the areas of neurogenics and dysphagia. She became the Editor of Contemporary Issues in Communication Science and Disorders in 2010. Dr. Stierwalt is active in ASHA, serving numerous times on the ASHA Convention Program Committee as Topic Chair and Reviewer in the areas of Adult Language, Motor Speech, and Dysphagia. In 2009, she was awarded ASHA Fellow status. Dr. Stierwalt is also a strong advocate for students, serving as a Consultant on the Executive Council for NSSLHA since 2005.

Disclosure: For this presentation, Dr. Stierwalt has no relevant financial or non-financial relationships to disclose.

Honor Dr. Hull through your attendance at the Memorial Lecture on Friday, Oct. 19 and the VSU Homecoming Game on Saturday, Oct. 20.
