

**Holds...** If a student has holds on their account you may still set them as eligible to register. However, students will not be able to physically register for classes until the hold has been cleared. Students who have hold on their accounts should be advised to contact the department where the hold has been placed to resolve the issue. In some instances you may not be able to determine what department has the hold. If this is the case, refer the student to the Department Secretary or the person in the department who does overrides. They can determine where the hold is. **The Advisor can still need to advise the student and make them eligible for registration.**

**Holds and their relationship to overrides...**Students are not eligible for overrides until all holds have been cleared.
