The Program

The Study Abroad in Morocco program will provide students with an opportunity to learn Arabic in an intensive summer program, and will enrich their understanding of Islamic history in Morocco. Classes will be offered at Qalam wa Lawh Center, an institution with a reputation for excellence in providing a comprehensive program for the study of Arabic as a foreign language to students from around the world.

The Place

Morocco is located in northern Africa. Its climate is Mediterranean. The culture of Morocco is very diverse since it was home to Romans, Phoenicians, Carthaginians, Berbers, Arabs, Jews, and Europeans. Rabat, Morocco's capital and second largest city, has a population of three million. Rabat hosts Morocco's most prestigious universities, as well as many international institutions such as UNESCO. The city offers a combination of the modern and the traditional, and provides a wide range of opportunities for students to experience its culture through art exhibits, music, and theater.

Housing

In Rabat, students will be housed in host family accommodations arranged by Qalam wa Lawh Center. Host family accommodation includes breakfast and dinner every day.

The home stay provides the opportunity for students to experience Moroccan lifestyle and to practice Arabic.
