

## **Cord Point System**

**In order to be able to receive cords for graduation each senior must obtain a minimum of 25 points per each semester of participation in Psychology Club in correspondence with this point system. We are aware that not everyone is able to attend meetings, so we have made additional/outside activities worth more than meetings in order to accommodate everyone as much as possible. This should provide more opportunities for members to receive cords. This sheet must be kept up with the participant!! Prior to turning it in at the end of the semester the student MUST make a copy to keep for themselves. For those who graduate in December, I will take up the point sheets at the end of the semester, put them in a notebook, and leave them for the following president. This will prevent the loss of your sheet on our part so please turn it in so that we can better help you through the changeover of presidents.**
