

Priority Registration Contract

The Policy

Priority Registration allows qualified students to register for classes on the first day of the registration period. Honors Program Priority Registration privileges are granted to VSU students who meet the following criteria:

- *Admission* to the University Honors Program
- *Good standing* in the Honors Program (“Good standing” is defined as having at least a 3.00 cumulative G.P. A.)
- *Steady progress* in the Honors Program (“Steady progress” is defined as enrollment in at least one Honors or Honors Option course during the current semester.)

Important Reminders!

- The Honors Priority Registration is only available on the first day of the registration period. Students who do not sign up for classes on the day must wait until their regularly scheduled day, determined by their class standing, to enroll in classes.
- Barring extraordinary circumstances, students who drop their current Honors course(s) after priority registration and/or who fail to register for at least one Honors course during the priority registration period will lose priority registration privileges for the following semester.
