

# VSU Johnson Scholars Program

The Robert Wood Johnson Foundation (RWJF) has joined with the American Association of Colleges of Nursing (AACN) to create *New Careers in Nursing: An RWJF Scholarship Program* to help alleviate the nursing shortage and increase the diversity of nursing professionals.

Five students will be awarded the NCIN scholarship of \$10,000 each and welcomed into Valdosta State University's College of Nursing and Health Sciences as Johnson Scholars in May 2015. Each Johnson Scholar has already earned a bachelor's degree in another field and is making a career change to nursing through VSU's Accelerated BSN program, which is a 15 month program.

The Johnson Scholars, in accepting the NCIN Scholarship, agree to participate fully in the leadership program and mentoring program, as well as in a pre-entry immersion program provided by VSU and by the Robert Wood Johnson Foundation to help scholars learn study, test-taking, and other skills that will help them manage the challenges of an accelerated program.
